

MANITOBA HOMEOPATHIC ASSOCIATION

NEWSLETTER September 2016

Hello Members and friends of the Manitoba Homeopathic Association.

We are reorganizing the roles in our board of directors and preparing different contacts with insurance companies and other associations in Manitoba. Dr Cardona was contacted from an insurance company that is opening services in Manitoba and wants to cover homeopathy.

We encourage share with us any information related with this topic to improve our database.

On this edition you will found some information about the European Congress in Vienna, the program is really interesting and we can see how homeopathy is strong in many fields from pediatrics, oncology, ADD, in human and veterinary medicine. And we have some closer events too.

Our association and other associations in Canada signed and sent an important letter to the Natural and Non-prescription Health Products Directorate (NNHPD) with some vital information about homeopathy and research in homeopathy.

Thank you.

Board of Directors MHA 2016-2017

Dr Cardona, Dr Barreto, Dr Belgaumkar, Dr. Sikorski

MHA Board Meeting: Minutes (Will be send later)

Friday, September 9th, 7-8PM

Present: Heather Cardona, Eduardo Barreto, Luis Cardona.

Next meeting: Friday October 14, 7 pm

Letter to NNHPD

As part of the Health Products and Food Branch of Health Canada, the [Natural and Non-prescription Health Products Directorate \(NNHPD\)](#) is the regulating authority for natural health products for sale in Canada.

This is the final statement of the letter:

“Sure you will agree, having read the above, that we can no longer claim that homeopathy is “a system that science does not support.”.... We continue to firmly believe in the willingness and ability of Health Canada to speak truth to Canadians and we, the signatories of this letter, want to work in that direction. This letter offers NNHPD the opportunity to be updated adequately and sufficiently so that right action can be taken immediately in order to present Canadians with a consultation document that is neutral and not misleading. “

Signed by *Syndicat professionnel des homéopathes du Québec (SPHQ)*, *National United Professional Association of Trained Homeopaths (NUPATH)*, *British Columbia Society of Homeopaths (BCSH)* and *MHA*.
(The letter will be in our website)

SUMMER PICNIC

We had an amazing time with this event.

Sharing experiences and making new friends.

Thank you all for your participation and we start planning our next event.

Organon aphorism # 1

The physician's high and ONLY mission is to restore the sick to health, to cure, as it is termed.

Organon aphorism # 2

The highest ideal of cure is rapid, gentle and permanent restoration of the health, or removal and annihilation of the disease in its whole extent, in the shortest, most reliable, and most harmless way, on easily comprehensible principles.

Organon aphorism # 9

In the healthy condition of man, the spiritual vital force (autocracy), the dynamism that animates the material body (organism), rules with unbounded sway, and retains all the parts of the organism in admirable, harmonious, vital operation, as regards both sensations and functions, so that our indwelling, reason-gifted mind can freely employ this living, healthy instrument for the higher purposes of our existence.

Organon aphorism # 19

Now, as DISEASES are nothing more than ALTERATIONS IN THE STATE OF HEALTH OF THE HEALTHY INDIVIDUAL which express themselves by morbid signs, and the CURE is also only possible by a CHANGE TO THE HEALTHY CONDITION OF THE STATE OF HEALTH OF THE DISEASED INDIVIDUAL, it is very evident that MEDICINES could never cure diseases if they did not possess the power of altering man's state of health which depends on sensations and functions; indeed, that their curative power must be owing SOLELY to this power they possess of altering man's state of health.
